

Atlanta Code Camp October 15th, 2016 Sponsorship Packet

Location: Kennesaw State University, Marietta, GA

Time: 8:00AM - 6:00PM

Thank you for your interest in sponsoring **Atlanta Code Camp 2016**. The Atlanta Code Camp committee is hard at work on the upcoming event and looks forward to highlighting your business to the local developer community.

Event Description

Code Camps are community focused events by and for the developer community. The Atlanta Code Camp draws upon the expertise of local and regional developers, architects, and experts who come together to share their real world experiences, lessons learned, best practices, and general knowledge with other interested individuals.

This event is unique in that it is “for the community, by the community”. Therefore, when you help to sponsor the Atlanta Code Camp, you are seen by attendees as a supporter of the local development community and are recognized as a primary player within the Atlanta developer community. Additionally, this event is continually promoted by development professionals in the weeks and months preceding the event as they talk with their clients. This ensures that you are receiving qualified attendees that are currently engaged with .NET and related technologies within their current organization.

In past years, the Atlanta Code Camp has provided training and networking opportunities for more than 400 of the best, most motivated development professionals in the area. We are expecting this year to be our biggest and best yet. The qualified leads generated by Atlanta Code Camp are unequaled!
